 - Mohair Judging - Only Senior (9th – 12th grades). 2 teams per county

REMINDERS

- Updated contest guides are posted to <https://texas4-h.tamu.edu/events/roundup/>. Please review all information thoroughly. Some contests have minor changes this year as noted in the specific contest rules and guidelines.

STATE CONTEST - BUT NOT PART OF ROUNDUP

1. **Entomology Collection** - Make a stand alone, state level contest entry but no longer be a part of Roundup registration. This would become a separate event. Entries can be judged at Roundup if that is the best option for the contest. The winners would not be recognized at the assemblies just as State 4-H Photography entries are not.
2. **Storyboard (changing name from Fashion Storyboard)** - Make a stand alone, state level contest entry but no longer be a part of Roundup registration. Move to an online submission and managed like the State 4-H Photography contest. Those that advance would be judged at a state level prior to Roundup. The winners would be on display during Texas 4-H Roundup but would not be recognized at the assemblies just as Photography entries are not.

TEXAS 4-H ROUNDUP CONTEST OPPORTUNITIES

Qualifying Contest - These eight contest opportunities one must compete at a District levels to determine those that advance to Texas 4-H Roundup. These state contests are only available for Senior 4-H members.
