**PROJECT GROUP** – this is not a membership unit, but a group of young people who are studying one project through affiliation with one of the nine membership units.

Projects vs. Curriculum. Below is a chart that provides guidance on projects and curriculum offered through the Texas 4-H Youth Development Program. In some cases an organized club may wish to use a curriculum in a club, but because the youth are already active 4-H members who have been counted in a county's ES-237 report, the organized club cannot be listed under group enrollment as well.
