

Each adult and youth member must have a unique email address. One person in the family can use the same email address as the family account profile, but the rest will need to have a different email address.

The email address is entered on the Add Member screen originally but the error occurs at the end of this process.

DUPLICATE EMAIL ADDRESS ERROR SOLUTIONS

YOUTH

Youth member email addresses are not required. It is best to leave this blank if there are adults in the family profile that might need the email address.

ADULT

Volunteer member email addresses are required. Each adult must have a unique email address to use with the volunteer screening system. The volunteer will be linked to the volunteer system using the email address.
