Treasurer: Nuts & bolts

Reporter: Small spool of wire

Historian: Small plastic storage box

Health & Safety Officer: Hard hat

Parliamentarian: Light bulb

Council Delegate: Nails

Welcome to our new year of 4-H! This year's officer team is ready to design and build a new club experience. Let's meet our 2009-2010 construction team.

_____ **President**, please come forward. As general contractor for the _____ club team, we are presenting you with a dry erase board and marker. We encourage you to draw out the plans and lead the team members in designing a successful club experience.

_____ **1st Vice President**, please come forward. You will be assisting the President with behind the scenes construction details such as, committees and programs. We are presenting you with sand paper to help you smooth rough edges into positive results this year.

_____ **2nd Vice President**, please come forward. Games and activities that you lead will help us construct a winning club team. We offer these blocks of wood as a reminder to lead us in building successful relationships this year.

_____ **3rd Vice President**, please come forward. Members come in all shapes, sizes, ages, and colors and help to add personality and color to our club experience. We are presenting you with a paintbrush as a reminder to brush on a variety of creativity this year as you welcome the return of old members and greet the new members to make them feel a part of the club.

_____ **Secretary**, please come forward. You will be recording the club thoughts and ideas during this construction process, as minutes. We are presenting you with a marking pencil and ruler as a reminder to record accurate news so that all may share our club's vision.

_____ **Treasurer**, please come forward. As the banker for this year, you will be keeping our club construction account in the black. In order to remind you of your important role in keeping track of our dollars, we present you with nuts and bolts to get this job done.

_____ **Reporter**, please come forward. When there is news to share about our club, we will be relying on you to get it out on the “wire,” or tell the press. Please accept this spool of wire as a reminder that you will be reporting club news to our community.

_____ **Historian**, please come forward. Keeping track of the construction process can seem a little overwhelming. We are providing you with a small plastic storage box for photos and other club items that you collect. Thanks for documenting our club’s happenings.

_____ **Health & Safety Officer**, please come forward. Reminding us all to stay safe and healthy is a big task but we know you will do a great job. We are providing you with a hard hat so you can set a good example and lead the way to a safe and healthy year.

_____ **Parliamentarian**, please come forward. When confusion regarding parliamentary procedure occurs, you will be shedding light on the question. We offer these light bulbs as a reminder to enlighten us during this year.

_____ **Council Delegates**, please come forward. As representatives of our club’s ideas to County Council, you will be responsible for sharing our views. We present you with nails as a reminder to “hit the nail on the head” when sharing ideas. Don’t forget to bring back a Council report to share at club meetings. All families are encouraged to grab their hammers in anticipation of a great year. Ready. . . Set. . . Let’s build a terrific experience for all in the _____ 4-H Club!
