

# Texas 4-H Horse Show

## Project Description

The Texas State 4-H Horse Show offers events such as Western Pleasure, Working Cow Horse, Hunter Under Saddle, and Barrel Racing, to name a few. Youth may choose to compete at their county and/or district shows first, if offered, before attending the Texas State 4-H Horse Show in the summer.

At this event, youth will learn the importance of good horsemanship skills as well as learning how to manage with wins and losses. The Texas State 4-H Horse Show also teaches youth time management and responsibility. This event allows 4-H members the opportunity to showcase their project that they have been working with as well as their horsemanship skills.

### Basic

Youth may compete at the county and/or district level with other youth in their area. This gives 4-H members the opportunity to get to know individuals in surrounding areas as well as showcase their horse project. These shows also give 4-H members the opportunity to compete at a smaller competition and become acclimated with the horse showing environment and industry.

### Intermediate

The Texas State 4-H Horse Show gives 4-H members involved in the horse project the opportunity to compete against and collaborate with other youth from all across the state of Texas.

# MORE ABOUT TEXAS 4-H STATE HORSE SHOW

## *Where:*

- The Texas 4-H Horse Show is typically held in Bryan/College Station, Texas, but it could move to other locations in the future.

## *When:*

- The State Horse Show is held annually in July 2024.

## *Registration information:*

- Validation and entries take place through 4-H Online. Please contact your County Extension Agent for more information!

## *Did you know?*

4-H is a club for kids and teens to develop life skills and make friends. Youth can join 4-H in all 254 counties. Everybody ages 8-18 and in 3rd-12th grades can join 4-H. Kids in Kindergarten to 2nd grades can join as Clover Kids. There are 43 different project areas in five project categories: Agriculture & Livestock, Family & Community Health, Leadership & Citizenship, Natural Resources, and STEM.
