

National 4-H Congress

Each year, a National Design Team of Extension educators, 4-H youth, and 4-H adult volunteers analyze current youth issues and determine the most effective ways to address them. The program combines a variety of fun and exciting educational, recreational, and networking opportunities. The program combines sessions, seminars, discussion groups, and a service-learning experience. The nation's most outstanding community leaders, speakers, and educators present the most current and timely information available.

Objectives:

- To improve the ability of teen 4-H youth to express themselves in written and verbal forms of communication that are necessary and important "life skills" for today and in the future.
- To increase the awareness of the importance of Leadership, Citizenship, and Community Service in 4-H Youth Development.
