

TEXAS 4-H

DOG VALIDATION PROCESS

BEFORE YOU BEGIN YOUR VALIDATION PROCESS, YOU MUST:

- Have a family and youth member profile established on 4-H Online.
- Be a paid/active youth member of Texas 4-H for the current year.
 - Have clear digital photos of your dog(s) from left side and right side. These photos must be accessible for upload during the validation process.
 - ALL Dogs must go through this process even if previously validated.

IMPORTANT

Dog Validation is completed for EACH DOG and will cover all 4-H Youth members in that family profile. However when validating your dogs in 4-H Online, you only need to select ONE 4-H youth member to conduct the Validation under. Once a dog is validated and you begin registering for the State Dog Show, the validated dog(s) can be moved to the appropriate 4-H member that will be exhibiting the dog in the show.

10. You will now upload photos for this dog (left side, and right side). Two photos will be required of each dog validated, including a left and a right side of the dog. The entire dog MUST be in the photograph. Photos should be as close as possible and markings should be clearly visible. Do not use photos of the dog wearing anything but a collar. Click the upload button. This will bring up a window of your files to select the dog's photo from. Click Next once you complete this task.

11. This will bring up a final review of the dog's information. The titles here do not match the instructions on the questions. This is OK as long as you answered the questions correctly. If this information is correct click the green Submit button at the bottom.
